

JESSE JAMES SECOND

Son of the Outlaw Suspected of Train Robbery.

WILL PLEAD AN ALIBI

HAS ALWAYS BORNE A GOOD REPUTATION.

Admits That He Is a Friend of One of the Supposed Train Robbers and Defies the Police—A Switchman Under Arrest For Complicity in the Robbery.

Kansas City, Mo., Oct. 1.—W. W. Lowe, a switchman, formerly employed by the Santa Fe railroad in this city, is under arrest, suspected of complicity in the robbery of the Missouri Pacific passenger train near Leuda, on Friday night last. The arrest was the outcome of a statement attributed to the police by the suspect's wife. Lowe had told her, she declared, that he was a member of a gang of six men who had pulled the train, she returned to talk, turned to say he was only joking when he made the statement attributed to him. Lowe is an intimate friend of John Kennedy, the alleged train robber, and is said to have been found in Lowe's possession. Chief of Police Hayes refused to divulge the name of the other men, but acknowledged that they will form very important evidence when the case is brought to trial. Young James has borne a good reputation.

The officers assert that between statements made by Lowe and his wife, they have enough evidence to convict him of the robbery and to warrant the arrest of several other men.

JESSE JAMES INTERVIEWED.

The indirect connection of the name of Jesse James, son of the late outlaw, with the name of the same name, whose career of train robbery was cut short by bullets from U. S. soldiers on Friday night, Sept. 25, last, caused somewhat of a sensation here today. Young James, who is 23 years of age and who has been in business in Kansas City for several years, bears an excellent reputation. He runs a clear stand in the court house, and has been interviewed by Chief of Police Hayes, who has been told that the suspect had been arrested for a robbery, but did not recall having written him a letter.

Had it been hinted to you, a reporter asked the young man during the course of an interview, "that you had been suspected by the police of complicity in the train robbery?"

"For a minute James did not reply, toying with a small piece of tobacco. Finally, he said, deliberately:

"I don't give a damn who knows it."

"I don't care what the police suspect. I know where I was that night and so do they. They can suspect all they please, for all I care."

"Would you mind telling where you were during the evening of the train robbery?"

"No, but I want you to take out your pencil and paper and write it down just as I tell it."

James went on to enumerate the places he had been that night, declaring that he had returned to his home at 8 o'clock and to have retired at 11. The robbery was committed at 9:30, five miles from the James home.

James said he had become acquainted with Lowe during John Kennedy's trial for the murder of Dr. Schumacher, a grocery woman, at which James and Lowe were witness attendants.

In reply to a question James said that Lowe was familiar with the workings of locomotives, having been a railroad man for years. James said that he had seen Lowe during the trial, and that the men who robbed the Missouri Pacific train had been in the crowd.

On this point the police coach, James what was the trouble.

"Who is trying to connect me with the train robbery?"

"Who is a man asked him."

"Chief Hayes and his detectives. But let me tell you, I don't give a damn for Chief Hayes."

The Crackenbeck district, the present home of Kennedy, was said to have been connected with the train robbery, and James, Jr., and his notorious gang of robbers.

BRODIE HELD FOR TRIAL.

ON CHARGE OF RAISING CHECK FROM \$10 TO \$1,000.

Preliminary Hearing Before Justice Timmony—The Defendant Offered No Testimony—Bond \$2,500.

Judge Timmony gave a preliminary hearing yesterday afternoon in the case of William Brodie of Eureka, charged with raising a check given in his favor by Henry Kohl, from \$10 to \$1,000.

After hearing the evidence the court found him over to the district court, and ordered him held by Sheriff Lewis upon failure to secure his bail, which was continued at \$2,500.

The prosecution was represented by County Attorney Van Cott, and the defense by Powers, Strapp & Lippman.

Brodie was asked by the defense if on May 21 he received any money from Brodie, and if he didn't deposit in some other bank \$1,000. Brodie answered in the negative.

The inference drawn from that was that even if Brodie received \$1,000 on the check, the defense would attempt to prove that he paid it back to Kohl.

Brodie was asked if he had been in the case two or three days ago, when Kohl called and said there was something wrong.

Henry Kohl, the complaining witness, when examined, identified the check as the one he had cashed May 21, 1938, by paying Brodie \$1,000.

He remembered this check especially, since it was written "ten hundred" instead of "one thousand" dollars, as is the rule.

Kohl and Brodie were frequently at the bank together, but Brodie was alone when he cashed this check. He had just learned of the case two or three days ago, when Kohl called and said there was something wrong.

On cross-examination, he said he had never received any statements, although the banker said he had sent them regularly, and not until a few days ago had he secured one.

"From whom did you receive it?" asked Mr. Strapp.

"Nobody handed it to me," he replied, and the court decided that he need not tell.

"Did you not deposit on that day \$300 or \$350 in some other bank?" This question was ruled out as immaterial.

"Did you deposit \$1,000 on May 21?"

"No."

"Did you receive any money from Brodie at that time?"

"No."

"Had you been drinking?"

STREET SLUMP

Bears Have Conducted a Brilliant and Successful Campaign.

ENORMOUS LIQUIDATION

INDUSTRIAL GROUP HAS BEEN UTTERLY DEMORALIZED.

Banking Institutions Have Refused to Accept This Class of Securities as Collateral—Flurries in the Money Market Have Unsettled Speculation.

New York, Oct. 1.—The stock market during today's short session gave striking evidence that the power of the bear market had not diminished in its continuing lower prices. The trend in tobacco was the more sensational, in view of the half holiday.

No development concerning the tobacco situation was announced, and the bears pursued the same diligent tactics that have been responsible for the tremendous drop this week.

New notes of weakness have appeared since the tobacco developments and the electric lighting companies and a rival gas company were assigned for a break of 5/8c.

The railway list had some strength, but the influence of the specialists was so overwhelming that losses resulted. The bank statement exceeded the favorable expectations and its publication checked the market.

In a discussion of the financial developments of the week, the industrial group must have first in mind the technical movements of these stocks distributed general confidence and this condition found expression in an enormous liquidation in all classes of securities.

Rumors regarding the status of industrial properties were circulated, and the operations by the bear faction were conducted with marked brilliancy. Industrial speculative interests were apparently banded together to create demoralization among the holders and ban faith between the market and the industrial group.

The tobacco market was particularly demoralized, and the industrial group was particularly demoralized, and the industrial group was particularly demoralized.

LOWER MONEY RATES.

New York Bank Statement Forecasts an Easier Market.

New York, Oct. 1.—The weekly bank statement shows the following changes: Surplus reserve, increase, \$7,614,425; loans, decrease, \$1,500,000; specie, decrease, \$1,000,000; legal tenders, increase, \$1,000,000; deposits, increase, \$1,000,000; circulation, increase, \$1,000,000.

The banks now hold \$1,000,000 in excess of the requirements of the 25 per cent rule.

The financial press has been reporting the same story for the past several weeks, and the excess reserve is now practically the same as reported for the corresponding week during two previous years.

The banks are now in a position to make loans at a lower rate, and the market is expected to be easier.

The banks are now in a position to make loans at a lower rate, and the market is expected to be easier.

CATTLE THAT STAY CURED.

No one who has not suffered himself can thoroughly understand and appreciate the terrible trying ordeal a chronic invalid has to pass through when he starts out to seek a cure. If Doctors could either cure or utterly fail, they would save much money and pain to sick people, but the fact remains that most any Doctor can help a little—and many can give temporary relief—thus raising the hopes of the afflicted for a time, only to dash them to the ground later on. People have to pay the fees of each Doctor who experiments on them—and when he has run to the end of his rope—the patient wearily seeks another experimenter and pays out more money and loses a little more faith in the Medical Profession, and then tries another and another—with the result that he ends his time gone—his money gone—his health gone—his stomach ruined with the different doses and nostrums that the different Doctors of different schools have used to "demonstrate a theory"—and what has such a sufferer left to live or hope for?

DRS. SHORES' CURES STAY CURED.

How different it is with Drs. Shores. If they find a case hopeless, they frankly tell the patient so—there are no broken promises—no blasted hopes—they can cure you and do it—if they can't cure you, and tell you so.

If Drs. Shores charged \$100 a month for their services it would be cheaper to pay the fee and cure than to pay out twice the amount in small payments to a dozen Doctors for no permanent benefit. But when we remember that Drs. Shores' fees, even in the most complicated Catarrhal Chronic Diseases, never exceed \$5.00 a month—medicines included, it not only proves that the best is the cheapest, but that in this instance the cheapest is also the cheapest.

FOUR PERMANENT CURES.

Isn't It Worth Your Time to Investigate These Statements a Little?

Permanent Cure No. 1.

This lady was cured three years ago. No return of the trouble since.

Permanent Cure No. 2.

This lady is well known here. She has lived in Utah nearly fifty years.

Permanent Cure No. 3.

This lady was cured at home of Kidney disease, Stomach trouble and Sore Eyes. Been cured six months, and is still cured.

Permanent Cure No. 4.

This lady testified some weeks ago she was improving under Drs. Shores' care. Since then she writes: "I am feeling splendid, and don't need further treatment."

HERE AND THERE.

The fire department members received new caps yesterday.

R. Y. Williams was arrested last night for charges of battery said to have been committed in a saloon here.

The body of Edmund Le Grande, who committed suicide Thursday in Chicago, was shipped for this city at 1 p. m. yesterday.

Policeman Edgington went out duck hunting to Hunter's lake yesterday and brought in enough game to pass around to each member in the department.

S. M. Modlin of Parsons, Kan., has written Chief Pratt inquiring for the whereabouts of his brother, J. William Modlin, who he says came here Sept. 24, and is a railroad brakeman.

Captain Warren H. Cowles of the Fourth United States Infantry, Fort Douglas, is relieved from duty with the latter and will proceed to Fort Sheridan, Ill., and join his regiment.

A woman of bad repute in Victoria lately reported to the police department that a colored soldier had been in her house at 3 o'clock yesterday morning. An investigation was made, but little stock was taken in the story.

Andrew C. Brien returned yesterday from an extended tour of Europe, during which time he visited England, France, Germany, Sweden, Norway and Denmark, besides paying a short visit to his former home near Carnegie Castle, Scotland, where the most of his relatives reside. He spent considerable time on the game preserve of Inveraray, and was the witness of birds during the time he was there. Andy looks well, says he feels well and is glad he went away and came home.

Experience is the best Teacher. Use Acker's English Remedy in any case of coughs, colds or croup. Should it fail to give immediate relief, money refunded. 25 cts. and 50 cts. For sale by Z. C. M. I. Drug Dept.

At Mullett's.

BRODIE HELD FOR TRIAL.

ON CHARGE OF RAISING CHECK FROM \$10 TO \$1,000.

Preliminary Hearing Before Justice Timmony—The Defendant Offered No Testimony—Bond \$2,500.

Judge Timmony gave a preliminary hearing yesterday afternoon in the case of William Brodie of Eureka, charged with raising a check given in his favor by Henry Kohl, from \$10 to \$1,000.

After hearing the evidence the court found him over to the district court, and ordered him held by Sheriff Lewis upon failure to secure his bail, which was continued at \$2,500.

The prosecution was represented by County Attorney Van Cott, and the defense by Powers, Strapp & Lippman.

Brodie was asked by the defense if on May 21 he received any money from Brodie, and if he didn't deposit in some other bank \$1,000. Brodie answered in the negative.

The inference drawn from that was that even if Brodie received \$1,000 on the check, the defense would attempt to prove that he paid it back to Kohl.

Brodie was asked if he had been in the case two or three days ago, when Kohl called and said there was something wrong.

Henry Kohl, the complaining witness, when examined, identified the check as the one he had cashed May 21, 1938, by paying Brodie \$1,000.

He remembered this check especially, since it was written "ten hundred" instead of "one thousand" dollars, as is the rule.

Kohl and Brodie were frequently at the bank together, but Brodie was alone when he cashed this check. He had just learned of the case two or three days ago, when Kohl called and said there was something
